Hello everyone

For Lab 8, the assignment is to do a selection of the exercises that go with each of the modules on the following website:

http://homepages.inf.ed.ac.uk/rbf/HIPR2/morops.htm

The exercises can be done using the Java tools linked from the modules.

The specific exercises to do are:

Dilation: 1

Erosion: 1, 2, 4

Opening: 1, 2

Closing: 1-3

Thinning: 4

Thickening: 4
